

# Roshan Damor

---

**Email:** iamroshandamor@gmail.com | **Phone:** +91-9179924975 | **Portfolio:** [roshandamor.me](https://roshandamor.me) | **GitHub:** [logicbyroshan](https://github.com/logicbyroshan) | **LinkedIn:** [logicbyroshn](https://www.linkedin.com/in/logicbyroshan) | **Location:** Bhopal, India

## Education

**B.Tech in Computer Science & Engineering** | University Institute of Technology, RGPV (2021–2027)  
**Higher Secondary in PCM** – Govt. Ex. School, Petlwad, 2021 | 83.4%

## Technical Skills

**Languages:** Python, C++, Java, JavaScript, C

**Frameworks:** Django, Flask, FastAPI, ReactJS, NodeJS, ExpressJS, BeautifulSoup

**Databases:** MySQL, PostgreSQL, MongoDB, DBMS

**Tools:** Git/GitHub, Docker, Linux, REST APIs, GitHub Actions, CI/CD

## Projects

**Interactive AI-Portfolio (05/2025 – 09/2025)** | [GitHub](#)

- Built and deployed a responsive portfolio with Django + MySQL backend and modern UI (Figma).
- Integrated AI-powered chatbot (Gemini API) for personalized career interactions.
- Automated deployments using GitHub Actions + cPanel SSH for CI/CD.
- Optimized SEO & load performance → ~35% faster response time, improved reach.

**AI-Personalized Blog Platform (07/2025 – 09/2025)** | [GitHub](#)

- Designed full-stack blogging site with secure authentication, CRUD features & REST APIs.
- Integrated AI-based recommendation engine → increased user engagement by ~25%.
- Implemented mobile-first design with optimized accessibility and SEO.
- Configured GitHub Actions + FTP pipelines for automated deployment on cPanel.

**College Community Platform (09/2025 – 10/2025)** | [GitHub](#)

- Created a community hub with forums, events, announcements & resource sharing.
- Implemented secure user authentication & role-based access control.
- Enhanced engagement by integrating event notifications & discussion threads.
- Achieved 100+ early student signups during initial rollout phase.

## Certifications

- Django Web Framework – Meta ([Link](#))
- MySQL for Data Engineering – Coursera ([Link](#))
- APIs for Network Automation – Cisco ([Link](#))

## Leadership & Activities

- **Campus Ambassador – Unstop (2025–Present):** Promoting events & opportunities to 100+ students.
- **Founder – Rise Together Community:** Led coding sessions, project nights with 12+ peers and hosted a guest speaker with a senior (Amazon intern) with 25+ juniors leading a 1.5 hour Q&A session online.
- **Volunteering:** Assisted in organizing college expert lecture events.
